

Swiss Digital Endosolutions Summit 2021

on demand
6. – 26.09.2021

9 presentations
7 CE hours

Welcome

Dear Clinician, dear endo fan,

This first Swiss digital Endo Solutions summit 2021 will give you an insight about all important aspects of modern endodontic treatment.

Speakers from Switzerland, Norway, France and the US will each explain the key points of their specialty so you can improve your endodontic treatment and carry out your treatment faster, safer and in excellent quality.

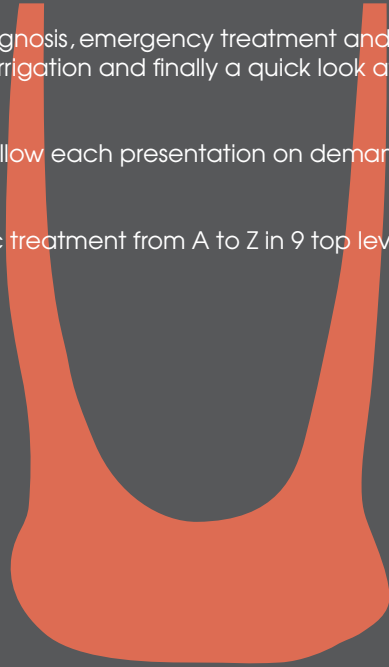

Topics range from what can go wrong, diagnosis, emergency treatment and bioceramics to vital pulp therapy, anatomical aspects, irrigation and finally a quick look at modern endodontic microsurgery.

The format of this congress allows you to follow each presentation on demand when it best suits your schedule.

Get ready to discover modern endodontic treatment from A to Z in 9 top level video presentations!

Greetings, and enjoy the summit!

Corrado and Bernhard

Program

Dr. Isabelle Portenier
Switzerland, Nyon

Risk analysis.

What can go wrong and how to see possible difficulties in advance.
